

Ordering Reproductions of John James Audubon's *Birds of America* from the University of Pittsburgh Library System

The University of Pittsburgh Library System is pleased to provide print reproductions from its double elephant folio edition of the *Birds of America*.

The reproductions are based on high-resolution digital images of the original work of art scanned by the University's Digital Research Library on an A0 DigiBook SupraScanner. Each plate was digitized at a resolution of 400 ppi true color (24-bit) using a 14000 pixel CCD linear array camera. The digital images can be viewed at audubon.pitt.edu.

We offer four different reprint sizes all produced from the digital source using the giclée process (i.e., ink-jet printing). The Full size is reproduced at 100% of the plate's original size (26 x 38 inches), including a one-inch border extending beyond the actual plate. Please see the various sizes and pricing on the reverse.

The plate reproductions are printed on 285 gram smooth fine art paper for digital reproductions. The paper is made of 100% cotton linters and traditional matte finish designed for long-term fade-resistant reproductions. The mould-made fine art paper is free of acid and lignin, thus exhibiting high archival quality. Please note that these reproductions are not scuff-proof and should be treated as fine art.

The ULS has contracted with Warren Associates of Pittsburgh to print the plates. They will be shipped in heavy weight mailing tubes via commercial carrier. From receipt of payment to delivery, orders will take approximately four to six weeks to process.

The price of each reproduction includes shipping and handling (within the continental U.S.). The ULS can accept payment in the form of credit card, check or money order. If you wish to pay by Visa or MasterCard, please call (412) 648-3223 to arrange payment. Checks or money orders should be made payable to the **University of Pittsburgh**. You will be contacted by email to verify your order prior to printing. Please print out the accompanying form and send it along with payment to:

Archives Service Center, University Library System, University of Pittsburgh,
7500 Thomas Blvd., Room 221, Pittsburgh, PA 15260

Questions can be directed to uls-audubonreproductions@mail.pitt.edu.

Proceeds from sales of the Audubon plate reproductions will help support the ongoing preservation work of the University Library System.
